# BritePro Solo

The complete single-use laryngoscope system

## One Size Fits All

The only handle your hospital needs. The ergonomic Solo handle features an over-moulded soft grip for superior control in all clinical settings. Unlike oversized standard handles that are built to accommodate the batteries, BritePro Solo is designed with only the comfort of the users in mind.

# BritePro Solo

The complete single-use laryngoscope system

## Excellent Tissue Visualization from Advanced LED Light

Increased illumination through high output LED delivers a bright focused light to where you need it most. Unlike reusable blades and handles that lose light after each cleaning, BritePro Solo is new every time, providing consistent focused light intensity without compromise.

AS IT SHOULD BE

- No risk of cross-contamination
- Quality Feel without Compromise
- One Size Fits All
- Excellent Tissue Visualization from Advanced LED light
- Saving Life Economically

# BritePro Solo

The complete single-use laryngoscope system

## Saving Life Economically

With the risks of cross-contamination from reusable devices rising, so too are the efforts and costs to reprocess the reusable laryngoscope blades and handles. BritePro Solo is more economical and provides better patient care as compared to reusables.

AS IT SHOULD BE

- No risk of cross-contamination
- Quality Feel without Compromise
- One Size Fits All
- Excellent Tissue Visualization from Advanced LED light
- Saving Life Economically
